EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Joel Armstrong, with his associate Seth Kim, on 11-28-03.

3. The application has been amended as follows:

a). The phrase “, now is WO 00/76622 A1 published December 21,2000,” has been added in line 4 of page 1 of the specification, after the number “2000” and before the word “which”.

b). The abstract (which has been amended on 10-7-02) has been amended as follows:

--- “A filter cloth whose underside comprises substantially parallel, additional yarns that are thicker than the rest of the yarns of the cloth, substantially parallel channels being formed between the yarns, wherein filtered liquid that passed through the cloth, is allowed to flow in the direction of the surface of a filtering element between the filtering portion of the cloth and the surface of the element. The invention further relates to a filtering module manufactured from the filter cloth of the invention.”---

Statement of Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance: as previously indicated in the final office action mailed to the applicants on 6-4-03, none of the prior art applied and those searched, have disclosed or rendered obvious a filter cloth having the limitation of at least yarns of the filter cloth that are parallel to the thicker yarns in the bottom thereof and being located at the thicker yarns being multi-filaments and the multi-filaments (i.e. multifilament yarns) have been moulded at the thicker yarns and thus forming a denser cloth at the thicker yarns, as in the newly presented claims 15, 16 and 17.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
